SMOG DOCTOR XR 10W30

Application:

SMOG DOCTOR XR 10W30 Synthetic engine oil formulated with the unique ACTIVE POWER technology, designed for year-round exploitation in cars equipped with gasoline and Diesel engines with turbocharging or without. It reduces the risk of valve wear, guarantees perfect lubrication and protection of the engine from the start up. Ready to be mixed with other branded motor oils of this kind. Remove the empty oil packages in a designated place.

Specifications and Standards:

viscosity grade SAE: 10W30

Quality class API: SP

Quality class ACEA: A5/B5

Recommended to: ILSAC GF-6A, GM 4718M/GM 6094M

Typical physico-chemical attributes

SMOG DOCTOR XR 10W30	Typical value
Kinematic Viscosity Index at 100 °C, mm ² /s	11,6
Viscosity Index	151
TBN (mg KOH/g)	8,2
HTHS(cP)@150°C	3,33
Pour Point, °C	-36
Flash Point, °C	232
