***Application:***

**SMOG DOCTOR VL SP 5W20** Engine oil of unique quality produced in 100% from synthetic base oils. Engine oil destined for passenger cars equipped with gasoline, also charged and diesel engines, also turbo charged. It can be used in gasoline engines of hybrid cars. Its production is based on base oils derived from catalytic and highly selective crude oil processing. Due to the use of optimal friction modifiers, it has high stability at all temperatures. It provides full protection and full power of the engine.

***Specifications and Standards:***

viscosity grade SAE: 5W20

Quality class API: SP

Quality class ILSAC: GF-6

***Recommended to:*** DEXOS 1 GEN 2; FORD WSS-M2C945-A1; FORD WSS-M2C945-B1;

**Typical physico-chemical attributes**

<b>SMOG DOCTOR VL SP 5W20</b>	<b>Typical value</b>
Kinematic Viscosity Index at 100 °C, mm <sup>2</sup> /s	8,86
Viscosity Index	156
TBN (mg KOH/g)	7,4
HTHS(cP)@150°C	2,7
Pour Point, °C	-36
Flash Point, °C	220
